PUBLIC INPUT AND DISCUSSION

Zoning Code Amendment: New Zones and Standards to Implement General Plan Land Use Designations

In 2021, the City of Whittier adopted a new General Plan that provides policy direction for long-term growth. To address housing law, the General Plan created new land use designations along Whittier Boulevard and other areas of the city to accommodate a new mix of commercial and residential uses. The Zoning Code is being revised to establish new mixed-use zones to implement the land use policy in the General Plan. Attend this workshop to learn more and provide your input on how Zoning Code revisions could affect Whittier Boulevard and other areas of the city.

Whittier's Zoning Code establishes rules that regulate what can and can't be done on a piece of property.
