FENCE OR WALL ON OWNERS PROPERTY

As owner or contractor for the owner _____ of property located at _____, I am responsible to determine the location of the property line and have excavated the footings entirely on this property. I understand and agree that any permit or approval that may be issued by the City is being granted based on the information provided by the applicant, that the City has not conducted any independent investigations to verify the facts provided by the applicant, and that the City has no knowledge of the truth or falsity of any of the facts provided. By granting a permit or approval based on a submitted application, the City is not making any assertions that the facts contained in the application are true or correct, or are otherwise in compliance with the law. This shall specifically include, but not be limited to any assertion by applicant as to the location of a property line or the existence or non-existence of any easement or other encumbrance on the property that is the subject of the application (the "Property"). Applicant agrees to defend, indemnify and hold harmless the City, its officers, employees and agents from and against all liability, costs, claims, losses, damages, injuries and expenses (including without limitation any fines, penalties, judgments, litigation costs, and reasonable attorney's fees) which the City, its officers, employees or agents may sustain, incur or become liable for, arising out of or in any way connected with: (a) any approval or permit granted by the City to applicant related to the Property; or (c) the use of the property by the applicant, his officers, employees, agents, licensees, representatives, contractors, or invitees; provided, however, that the applicant's obligation to indemnify, defend and hold harmless the City shall not apply to claims, demands, causes of action, expenses, fees, costs or damages to the extent caused by the negligence or willful misconduct of the City.
