Subject: Removal of Uptown Whittier tress
Date: Friday, January 19, 2024 8:53:25 AM

[**NOTICE:** This message originated outside of City of Whittier -- **DO NOT CLICK** on **links** or open **attachments** unless you are sure the content is safe.]

Do not remove the beloved tress lined up along Greenleaf Avenue. Without the trees in uptown Whittier outdoor seating for small businesses wouldn't have a shaded area to offer.

Planting new trees would take a minimum of three years to fully grow; no environmental assessment has been made about the health of our community without these trees.

Stop making beautification plans without looking into the details; Uptown Whittier is a prized possession of our community so treat it like one!
