To whom it may concern,

The citizens of Whittier implore you to not remove any of the beautiful trees surrounding Uptown Whittier, along Greenleaf Ave. They are a huge part of the historic area and one of the few things keeping the uptown area appealing. If they can keep adding more Mexican fusion restaurants every week it seems, there's surely a way to keep our amazing large lovely trees intact. Thank you for your attention to this urgent matter!

Sincerely, lifelong Whittier resident,
Zoe Lemos-Munquia
