Subject: URGENT: PRESERVE THE 113 TREES
Date: Tuesday, January 23, 2024 8:23:47 AM

[NOTICE: This message originated outside of City of Whittier -- DO NOT CLICK on links or open attachments unless you are sure the content is safe.]

Dear Whittier City Council Members,

I am writing to express my deep concern regarding the proposed removal of 113 trees in our community. These trees contribute significantly to the beauty and ecological balance of our city, and their removal would have a lasting negative impact.

The trees themselves are not only cleaning out air, they also house bird eggs/nest and sometimes even more early peacock eggs/nests!! Please don't do this! Literally no Whittier resident wants this done!! We will be sure to NOT VOTE FOR ANY COUNCIL MEMBER who votes yes for this!!!

I urge the City Council to cancel this decision. Our community values the environmental benefits, aesthetic appeal, and overall well-being that these trees provide. Notably, it's a historic part of the community. I kindly request that you listen to the sentiments of the residents who wish to see our urban greenery protected.

Thank you for your attention to this matter.

Sincerely,

Every Whittier Resident!!!!
