To Whom It May Concern,

I writing to express my love for the city of Whittier that has been my home for the last 27 years. I moved to Whittier from the city of Los Angeles because I fell in love with the tree lined streets and the parks. This city provides a small-town environment like no other city nearby. The removal of the trees will take away the charm that makes our city so beautiful and special. Please consider maintaining the trees and finding an alternative for your project.

Let's keep Whittier beautiful !

Thank you for your attention to this matter,

Armida Acosta and family
