I hope this email finds you all well. I read the agenda as well as attachments for the item number 12I and although it's just for an approval of funds for the next step I wanted to make sure and voice my opinion on how amazing having the promenade has been. Our city has received tons of free publicity from news outlets such as KTLA and now with the recent Restaurant Rival at not one but 4 of our restaurants! The promenade is amazing for people to get out into fresh air, spend money on our city and enjoy the beautiful city and weather. It gives pet owners more locations to have an opportunity to dine with pets and enjoy some time away from the house. It's a nice stroll to walk and shop and eat and spend a lovely day in our lovely city! I hope this project continues successfully moving forward and we continue to beautify and unify our amazing uptown!
