I'm contacting you guys so u can reconsider opening up the streets. This part of the city is becoming a ghost town i use to enjoy going to uptown Whittier but now with the closures send like a ghost town during the week is completely dead restaurant don't open until the weekend. All we see there are skaters hanging out and harassing people passing by and it makes the city looks dirty doesn't even look nice at all. It also looks like Ike it's affecting a lot of the small business that do open all week. The through traffic will help them get more incoming traffic. It will be a horrible idea to make it permanent
