My name is Gabriel Leon, a long-time resident of Whittier. I have been fighting the issues of heavily Weighted vehicles going North and Southbound on Norwalk Blvd. For almost three years. FedEX is 80% of the speeding and rumbling noise damage to the street and residents property. When working, I find myself struggling and falling asleep constantly interrupting sleep patterns. The level of noise and shaking in my home is equivalent to a small earthquake. Not to mention that nearby school on Orange Grove, with kids crossing and heavy breaking trucks. We are pleading with the City Council to pass the ordinance to stop heavily Weighted trucks from utilizing Norwalk Blvd. Dorland, and Hunter. The street is incapable of sustaining the weight these trucks carry daily in our area. Parts of Norwalk Blvd. Are sinking and cracking. Which in turn allows others vehicles to bounce and add to the noise level. Thank you. Gabriel Leon
