

STOP OVERDEVELOPMENT IN WHITTIER

 [S V](#) started this petition

Our legislators have decided what is best for our cities and communities by creating laws that force cities to accept overdevelopment with complete disregard to all property owners and residents. The City of Whittier currently has many townhomes, apartments, condominiums being built. Now a developer wants to build another large 42-unit three story high housing project directly in front of a hospital's emergency room, a very busy shopping center, and on a street that leads to the local high school. The developer had no meeting with the residents and now we are facing this dilemma in East Whittier.

The forced overdevelopment of communities is taxing our city resources, overwhelming our police force, creating traffic congestion, increasing crime, creating density of housing, storm water drainage issues, overcrowded schools, increasing water usage during a drought, etc. Please sign our petition to stop this new development in East Whittier. Let's keep Whittier looking beautiful!

135 have signed. Let's get to 200!

 At 200 signatures, this petition is more likely to be featured in recommendations!
