Russ Litchfield
Hello,

I would like to express my complete support of the proposed "Comstock" apartment development at the corner of Comstock Ave. and Philadelphia St. I live a couple of blocks from this location and often walk by the empty bank building that is currently on this corner. I think that it is appropriate for a "blighted" corner and fits in with the overall plan and goals for Uptown Whittier. It is in walking distance of the main commercial streets and is on a transit corridor (buses). The parking provisions will encourage walking. The design fits in to the area and will help provide needed housing in Whittier.

I know that there are some who will find reasons to oppose any development in Whittier, particularly Uptown.

Russ Litchfield
