Subject: Murphy Ranch field baseball lights

[NOTICE: This message originated outside of City of Whittier -- DO NOT CLICK on links or open attachments unless you are sure the content is safe.]

To whom it may concern,

I am a father, manager, coach and board member to two of Murphy Ranch's players. Installing the lights on the fields would be such a great asset not only for the fields but for us families who have two working parents and can't make early practices in order to beat sun down. As a parent it has hindered us at times not having lights, trying to get to practice by 4pm isn't ideal sometimes when your commute is over an hour. As a coach I can't tell you how many times players have been late or a no show due to parents work schedules. Having the lights will allow for later practices, later game times and give the league a chance to enroll more kids to enjoy this beautiful game we call baseball. Please consider the light project as it would be beneficial to many, many families!

Sincerely,

Jesse Villaneda
