Councilmembers,

At the next meeting you and everyone else will be subjected to hearing DKs conspiracy theories, personal vendettas, why democrats want to eliminate the suburbs and claims he cannot attend the council meeting in person because he cares for the elderly. Does this stop him from attending other meetings in person? No. I hope we dont have to hear him badgering someone to read from a script again claiming they want to keep zoom comments. He is taking advantage of the situation for personal gain.

Does he care about the city or promoting his agenda? See his post below from facebook saying that the city should not honor service members because we are not in a time of war because it delays public comment.

Is this who you are aligning with?

Mon. 2/13/23- Excessive awards pushing back your public comments on serious issues facing our quality of life in Whittier? The more your public comments are pushed back from the front as they are structured normally toward the beginning of the City council meetings, the less they are seen in the public and archives, the more they are pushed back from the normal organization of City Council meetings, just saying -

Are my observations correct? It seems the City council setup for the last few months have been an unusual amount of awards presentations, such as the last, before that (New Baseball park presentation[Ok, no problem with that, but], and again this upcoming Feb 14, 2023 council meeting Star award presentation for servicemen (three of such in the last month and a half or so?) .

Serious, important, ongoing issues being addressed by public comments: High crime increase, and homelessness, both being caused by Prop 47, AB 109, and Prop 57, out of place, inappropriate, abusive, illegitimately motivated housing developments, and the ruinous Goldline to Whittier that no one wants.

Remember: We all love and honor or brave service men who give their time in the service of our country, BUT: We have no ongoing war, so why so many? Why so many other awards ceremonies? Ok again, we appreciate those whos serve our nation and community cherish our good city, and want to keep our quaint atmosphere, and quality of life. This is why citizens are opposing the Goldline and the abusive, nefariously, illegitimately motivated housing developments.
