Good evening,

I am not sure if my previous email came through earlier, so I am sending another note. I am writing regarding the item below. I don't understand how the shortfall went from \$401,096 to \$139,2567. That's a big difference. Additionally, why did the republic not take into consideration the costs to comply with SB1383 when they submitted their bid? Why should the City bail them out for something that should be a business cost for them?

140 and attached Amendment No. 2, was prepared reflecting these terms. The \$139,257 annual payment has been negotiated down from the previously discussed offer of \$401,096 annually.

13.A. [Second Reading of Ordinance No. 3140 – Republic Services Amendment No. 2](#)

Recommendation: Consider public testimony at the public hearing and conduct second reading and adopt Ordinance No. 3140, finding that the herein ordinance is exempt from review under the California Environmental Quality Act and adopting Amendment No. 2 to an exclusive franchise agreement for the provision of solid waste and recycling services with Consolidated Disposal Service L.L.C. (dba Republic Services) (A17-162) adopted by Ordinance No. 3077.
