Hello city of Whittier

Let me start by saying I appreciate the plans of improvement the City of Whittier and EWCSO do for residents.

As a resident of Whittier I register my kids for different activities from sports after school programs to summer camps I am concerned with the plans for the fields at Hillview Middle School I also have two children attending the school. I have 4 children 3 play or have played with WAYS . With multiple children playing sports it would be very difficult for me to be taking them to practice or games at different fields. WAYS is a great program with a sense of community a lot of families grow up together . These sports activities are essential to our kids

Is it possible for the plans to be reconstructed so that WAYS isn't losing fields or seasons? I'm sure with a little collaboration those involved in designing and developing fields can come up with a better plan that serves both the school and community

The main concern is the students/children and families right?

Thank you again
From a grateful resident of Whittier
