good afternoon,

i was told this is where we could cast our "vote" regarding short term rentals...

i would like to state i would not want them in my neighborhood... we have enough trouble with neighbors who have several cars and so use the space we should have for our family and guests in front of our house. we don't need any more cars, and strangers occupying houses and parking on our streets.

i wish there was something we could do about the many cars parked... i know i don't own the streets, but consideration would be leaving some space for us and our family, especially on the weekends!

thank you.
