Dear City Council Members:

I read in the Whittier Daily News last week that some Whittier residents are asking for re-consideration of your mid-December decision to remove all of the trees at once on Greenleaf Ave. between Wardman and Hadley streets instead of phasing-in tree removal and replacement as was previously contemplated over the past several years. I commend your decision to schedule a special City Council study session on February 20 to address residents' concerns and review the plans and timeline of the Uptown Greenleaf Promenade Plan.

Although I am unable to attend the February 20 meeting, I look forward to hearing more about the ongoing discussion.

Sincerely,

Janet Henke  
Former member, Whittier City Council/Mayor
