Dear Whittier City Counsel,

As a former Whittier College student now alum, from San Diego County I am in disbelief that a conversation to remove the heart and soul of the Whittier community is even being had. As someone that revisits the campus and the city frequently, I can truly say that the greenery and gorgeous trees are the drawing factor. I ask that you reconsider and truly think of what/who will be affected if the city counsel moves forward with the removal. If it does follow through, it will no longer be a home away from home, or the true Whittier.

Issa
