As a Whittier resident, I have noticed an influx of approvals for rental units in the city of Whittier. Not only is Whittier approving too many apartment buildings, council has routinely lied about these apartments having senior housing and low income housing. A perfect example is Altera at the groves, there is not 1 single unit designated as "senior" or "low income" housing.

The city is already congested, instead of continuing to approve apartments why not build single or multi family homes for folks to purchase.

Thank you,
Michelle A.
