The Petition to Save Our Trees in Uptown Whittier has 4,062 signatures and increases every day! If you haven't already signed it, click on <https://chng.it/fFN5cS8yVP> to add your signature (no need to make a donation; skip that button, but please hit the button to SHARE the petition with your friends and neighbors). The Petition was started by a Whittier HS Senior and a Fullerton College Freshman - young people are as outraged by the City's plan to chop down ALL of the mature, shady trees in the core 3 blocks of Greenleaf Av as are older residents. A reasonable compromise to phase-in tree removal and replacement has been repeatedly proposed, and so far neglected, by the City Council (wording on the Petition describes the compromise proposal). LET'S MAKE OUR VOICES HEARD! Thank you.
