Honorable Councilmen and Councilwoman,

Mentioned neither in public comment nor written were a few things.

- 1) The petition took off by itself on social media. Conny and I gathered signatures in person at only Whittier events. Never aggressively; always in Whittier.
- 2) I did ask if there was a bigger picture to this issue, safety, homeless, lack of affordable housing? No answer IS an answer!
- 3) There still is no center person or central committee; a “grassroots” org.
- 4) everything changes when the trees come down all at once. But, you know that.
