Hi there,

My name is Anna Bowen and I am a resident of Whittier. I love to walk uptown and support local businesses, and have been saddened by the proposal to remove the trees but understand the ADA and plumbing issues. I would like to state that I am in support of the pedestrian walkway that I learned about today. I know that some businesses would be upset to lose parking, but a pedestrian walkway with the trees would result in a safe place to walk for all and could increase shopping and dining traffic, as long as there are a few handicapped parking spots and the walkway is ADA accessible. I cannot believe that I have moved to such a beautiful place with mild weather and there are so few places for outdoor dining. I would definitely dine more uptown with a revitalized Greenleaf Ave., regardless of the trees.

Thank you for listening,
Anna Bowen
