Dear city of Whittier,

I am writing to bring to your attention an ongoing issue on Foxley street. Despite regular street sweeping, the presence of parked cars on designated street sweeping days is preventing thorough cleaning. As a result, there is a significant accumulation of trash and glass debris in the gutters, posing a safety hazard to residents and visitors.

To address this issue effectively, I kindly request that the city enforces the no parking regulations more rigorously on street sweeping days. This enforcement will ensure that the street sweeping can be conducted without obstructions, leading to cleaner and safer streets for everyone.

Thank you for your attention to this matter. I appreciate your efforts in maintaining the cleanliness and safety of our community.

Sincerely,  
Ericka Alamillo

12712 Foxley Dr, Whittier, CA 90602
