I am proud to have called Whittier home for over 20 years. In that time, city leaders have navigated economic downturns, a pandemic and political upheaval. Generally, I have been supportive of the decisions made to keep the city safe and prosperous. However, the decision to remove blocks worth of trees is absolutely unconscionable. This will have detrimental effects on the character, climate and general appeal of this part of the city.

I urge you to reconsider this short-sighted decision and find another solution to any challenges this may bring.

Joe Carmona
